

2026 ENGINEERING GRADUATE PROGRAM

FOR FINAL YEAR ENGINEERING STUDENTS

ABOUT US

Rheinmetall Denel Munition is a supplier of world class ammunition locally and internationally. We pride ourselves for being the forerunners of technology advanced solutions for complex requirements. At RDM we offer an Engineering Graduate Program (EGP) to engineering and science students to develop and equip them with practical skills and experience while fostering a conducive working environment for innovation.

Opportunities are offered to final year students in the following fields of study in BSc & BEng:

- BSc/MSc Chemistry
- Chemical Engineering
- Electrical Engineering
- MEng Electronic/Software Engineering
- Mechanical Engineering
- Mechatronic Engineering
- MSc Applied Mathematics

HOW TO APPLY

Apply from April to July via the links provided.

Applicants must be a South African citizen with ID, in their final year of studies with 70% average and detailed academic transcript from University. Applicants who have completed their BSc / BEng degrees will also be considered.

CLOSING DATE:
31 JULY 2025
