

NAVAL TENDER VESSEL **NTV 130**

MULTIROLE SUPPORT PLATFORM

The NTV 130 is a versatile support and mothership for naval warfare that supplies naval combat units and offers comprehensive self-protection. With a flight deck for heavy helicopters and unmanned surface vessels (USVs), an advanced energy supply concept and optimised resilience, it is designed to support manned and unmanned systems. It also serves as a naval auxiliary vessel for maintenance and repairs, and enables the protected transfer of material and crew. It is a powerful command platform and can be used as a modular hospital ship.

TAKING RESPONSIBILITY IN A CHANGING WORLD

A VERSATILE SUPPORT AND MOTHERSHIP

Multirole Functions

- Mothership for USVs
- Mothership for mine countermeasure units
- Mothership for corvettes
- Mothership for submarines
- Minelayer
- Logistics support
- Container transporter
- Sea base for naval infantry
- Armoured infantry transporter
- Evacuation support
- Hospital ship
- Carrier for ASW units
- Naval auxiliary ship for maintenance and repair

Support Capability as per NATO Bi-SC Capability Codes and Capability Statements

- NCTG-AMPH
- NMCCS
- MFAS
- METOC
- NMWL-O
- NRW-ASW
- NRW-ASUW
- NUAD

DATA AND INFORMATION – NTV 130

General

Type	Naval Tender Vessel
Classification	⌘ 100 A 1 Ice Class 1C FS ⌘ LMC, PSMR, UMS

Flight Facilities

Flight deck	CH 47 and NH 90
Hangar	Up to 5× NH 90
Aerostat	AROTHRON

Dimensions and Crew

Displacement	11,800 t
Length	139.9 m
Beam	21.6 m
Draught	6.8 m
Crew	40 + 55 + 105

Propulsion

Hybrid	CRP POD
Total power	16,600 kW
Propellers	2
Speed	22 kn

Capabilities

Operational endurance of 30 days
CBRN defence

Cargo decks with space for ISO 6 m containers

Innovative traversing system

Replenishment-at-sea (abeam and stern)

Automated mine-laying system

Heavy-duty and container lifts

Harbour and anchorage replenishment systems

Redundant ramps for boats and USVs

Loading ramps for wheeled and tracked vehicles

1× sea and air surveillance radar

4× navigation radar

2× EO/IR sensors

IFF

LINK

360° infrared / TV system

Weapons

1× RAM MK-31

2× 30 mm RWS

2× 35 mm CIWS

4× 12.7 mm RWS

4× MASS

4× 12.7 mm SMG
