The overt vest is designed for the Police Forces, as well as other uniformed Forces Operators. The sheathing of the vest is made of slow-burning polyamide fabric and a slow-burning polyamide laminate.

Features of the vest:

- Sleek, maximum comfort design ensures unlimited freedom of movement
- With a quick release feature, vest can be quickly donned on/off without assistance
- The circumference of the vest can be easily adjusted with a system of strings and knob.
- Front and rear panel of the vest is designed to accommodate hard ballistic plates
- Available in black and high visibility yellow
- Waterproof, suited for various weather conditions
- High comfort of use (breathable fabrics)
- High wear and tear resistance
